

USB VIGNETTE PRINTING GUIDE

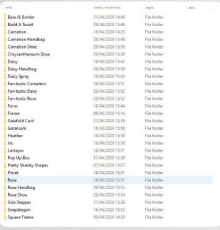

Step 1

Insert your Carnation Blooms USB into your USB port on your computer.
Select the USB drive and you will see the following folders:

Papers – contains the 152 patterned papers

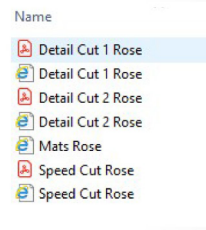

SVG Files – contains the SVG cutting files and corresponding Vignette PDFs

Carnation Blooms USB – is the USB cover sheet and file overview

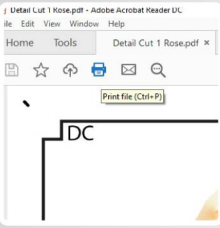

Step 2

To print your Vignettes select the “SVG Files” Folder and choose which SVG you wish to work with.

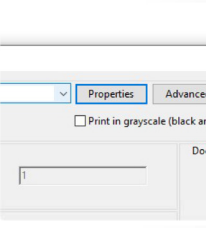

Step 3

Select the Vignette PDF you wish to work with.

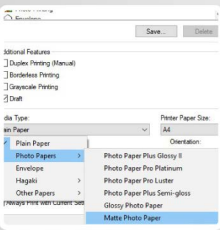

Step 4

Once your PDF has loaded, select the “Print” icon to access your print settings.

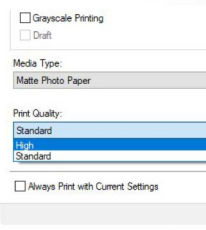

Step 5

If you wish to adjust your quality settings, click “Properties”.

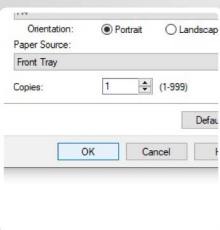

Step 6

If you are using Pro Paper or equivalent, select “Matte Photo Paper” from the “Media Type” drop down options.

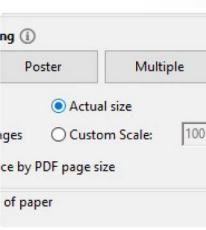

Step 7

Change your “Print Quality” to “High”.

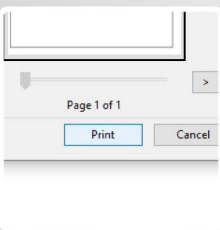

Step 8

Click “OK” to exit this screen, saving your adjustments.

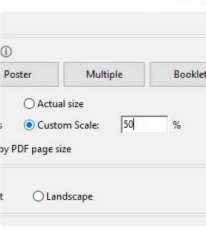

Step 9

If you wish to print your Vignette at the same size as the SVGs as they are loaded, select the “Actual Size” option under “Paper Sizing & Handling”.

Step 10

Click on the “Print” button to print your Vignette.

Step 11

If you wish to change the size of your Vignette, select “Custom Scale” and type in you desired percentage. Then click on the “Print” button to print your Vignette.
